# About us

We have selected, over the years, a crew of GP and Specialists, who keep themselves up-to-date and practice their medical profession with passion and enthusiasm. With a great teamwork and synergic effort, we do converge our different capacities to the exclusive primary benefit of the patients.

## FOCUS ON **MEDICAL REPATRIATIONS ON COMMERCIAL FLIGHTS**

Repatriating a patient using a commercial flight is far less expensive than via aero-ambulance. As for our wide experience, many patients with minor trauma, stabilized and not in serious conditions, can be transferred back home in this more comfortable way.

Saving money taking into account, first of all, the patient's safety and his/her satisfaction is our goal!

## FOCUS ON MEDICAL REPATRIATIONS ON COMMERCIAL FLIGHTS

### **Our proposal:**

Through the coordination of our Operations Centre, our doctors/nurses are able to be themselves available, even at very short notice, to take care of your clients wherever they are, and to return them safely (bed to bed).

Our Operations Centre will collect all medical information and recommendations so that our staff are able to assist your clients to the best of their ability. We are also able to take care of all your needs, from air ticketing, stretcher booking ground transportation to and from the airport, any requests for permits and visas, and whatever else is necessary to carry out the transport.

Our doctors and nurses/paramedics dedicated to this service are all of proven experience and empathy, able to assist your clients in the best way, ensuring that the unfortunate experience of medical repatriation can be as safe and comfortable as possible.

To this end, following a request for assistance, we can depart from any European and Mediterranean basin airport within a few hours, as well as quickly reach any destination in the world.

## Our Operations Centre

In our Operations Centre you will always find someone ready to listen to you.

We are on duty 365 days a year, 24 hours a day, on bank holidays too: our operators are ready to help you looking for the best solution for your own requirements.

Call us and tell the Operator what your problem is: you'll find professionalism, kindness and willingness, to help.

A quick solution to your needs is just a phone call or an e-mail away.

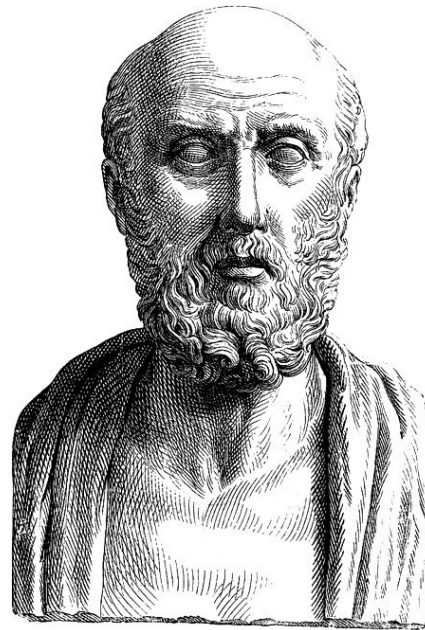

WE ARE OPEN 365 DAYS A YEAR, 24 HOURS A DAY
